Which were lawful before this Ordinance was passed or amended, but which would be prohibited, regulated, or restricted under the terms of this Ordinance or future amendment; it is the intent to permit these nonconformities to continue until they are removed, but not to encourage their survival. It is further the intent that nonconformities shall not be enlarged upon, expanded, or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district.

Nonconforming uses are declared to be incompatible with permitted uses in the districts involved. A nonconforming use of a structure, a nonconforming use of land, or a nonconforming use of structure and land in combination shall not be extended or enlarged after passage of this revised Ordinance by attachment on a building or premises of additional signs intended to be seen from off the premises, or by the addition of other uses, of a nature which would be prohibited generally in the district involved.

To avoid undue hardship, nothing in this Ordinance shall be deemed to require a change in the plans, construction, or designated use of any building on which actual construction was lawfully begun prior to the effective date of adoption or amendment of this Ordinance and upon which actual building construction has been carried on diligently.

Section 1303 Nonconforming Lots of Record

In any district in which, single family dwellings, manufactured; or modular homes are permitted, these structures and customary accessory buildings may be erected on any single lot of record at the effective date of adoption or amendment of this Ordinance, notwithstanding limitations imposed by other provisions of this Ordinance. Such lots must be in separate ownership and not of continuous frontage with other lots in the same ownership. Variance of other yard requirements shall be obtained only through action of the Planning Commission and Board of Adjustment, pursuant to Sections 1507 and 1607.

Section 1305 Nonconforming Uses of Land (or Land with Minor Structures Only)

Where at the time of passage of this revised Ordinance lawful use of land exists, which would not be permitted by the regulations imposed by this Ordinance, and where such use involves no individual structure with a replacement cost exceeding one thousand (1,000) dollars, the use may be continued so long as it remains otherwise lawful, provided:

1. No such nonconforming use shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of this Ordinance;
2. No such nonconforming use shall be moved, in whole or in part, to any portion of the lot or parcel other than that occupied by such use at the effective date of adoption or amendment of this Ordinance;

Section 1307 Nonconforming Structures

1. Any structure specifically identified as a permitted principal use in a district, under the terms of this Ordinance, shall be deemed a conforming use without further action. Said structure shall be subject to all remaining provisions of this Ordinance. As a conforming use the structure is entitled to the administrative and legislative provisions identified herein;

3. A structure shall be allowed to expand by no more than twenty five (25) feet provided such expansion does not further extend the nonconformity beyond the nonconforming plane of the existing structures;
4. Should such nonconforming structure, or nonconforming portion of structure, be destroyed by any means, to an extent of more than seventy-five (75) percent of its replacement cost at the time of destruction, it shall not be reconstructed except in conformity with the provisions of this Ordinance; and
5. Should such structure be moved for any reason for any distance whatever, it shall thereafter conform to the regulations for the district in which it is located after it is moved.

Section 1309 Nonconforming Uses of Structures or of Structures and Premises in Combination

If the nonconforming use involving individual structures with a replacement cost of one thousand (1,000) dollars or more, or of structure and premises in combination, exists at the effective date of adoption or amendment of this Ordinance that would not be allowed in the district under the terms of this Ordinance, the nonconforming use may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. 2. Any nonconforming use may be extended throughout any part of a building which was manifestly arranged or designed for such use at the time of adoption or amendment of this Ordinance, but no such use shall be extended to occupy any land outside such building or facility;
3. A structure shall be allowed to expand by no more than twenty five (25) feet provided such expansion does not further extend the nonconformity beyond the nonconforming plane of the existing structures;
4. If no structural alterations are made, any nonconforming use of a structure or structure and premises may, as a conditional use, be changed to another nonconforming use provided that the Board of Adjustment, either by general rule or by making findings in the specific case, shall find that the proposed use is equally appropriate or more appropriate to the district than the existing nonconforming use. In permitting such change, the Board of Adjustment may require appropriate conditions and safeguards in accordance with the provisions of this Ordinance;
5. Any structure, or structure and land in combination, in or on which a nonconforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district, and the nonconforming use may not thereafter be resumed;
6. When a nonconforming use of a structure, or structure and premises in combination, is discontinued or abandoned for a period of more than one (1) year (except when government action impedes access to the premises), the structure, or structure and premises in combination, shall not thereafter be used except in conformity with the regulations of the district in which it is located; and
7. Where nonconforming use status applies to a structure and premises in combination, removal or destruction of the structure shall eliminate the nonconforming status of the land.

Section 1311 Uses Under Conditional Use Provisions are Conforming Uses

Any use, which is permitted as a conditional use in a district, under the terms of this Ordinance, shall be deemed a conforming use in such district without further action. A nonconforming use can never be allowed in a defined district without a change in the district definition or boundaries. As a conforming use the structure is entitled to the administrative and legislative provisions identified herein.

Any use subject to the provisions of this section shall apply for a conditional use and receive approval prior to constructing, erecting, placing, or siting any structure directly associated with the identified conditional use.

Section 1503 Appeals

Any decision rendered by the Zoning Administrator may be appealed to the Planning Commission. An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the Planning Commission, that by reason of facts stated in the certificate a stay would, in their opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise than by a restraining order which may be granted by a court of competent jurisdiction on application or notice to the officer for whom the appeal is taken and on due cause shown.

The Planning Commission shall have the power to hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by the Zoning Administrator based on or made in the enforcement of any zoning regulation or any regulation relating to the location or soundness of structures or to interpret any map. Prior to hearing an appeal the following requirements shall be completed.

1. The applicant or any other person aggrieved by the decision of the Zoning Administrator shall file a written appeal with the Zoning Administrator within five (5) working days of the decision;
2. The Zoning Administrator or from whom the appeal is taken shall forthwith transmit to the Planning Commission all the papers constituting the record upon which the action appealed was taken;

The notice shall be given to each owner of record by depositing such notice in the United States Post Office not less than ten (10) days prior to the hearing date;

5. A notification sign shall be posted on the property upon which action is pending at least seven (7) days prior to the hearing date. Such signs shall be placed along the property's access frontage so as to be visible from the nearest public access point. Section 1505 Conditional Uses

 - A. Ingress and egress to property and proposed structures thereon with particular reference to automotive and pedestrian safety and convenience, traffic flow and control, and access in case of fire or catastrophe;
 - B. Off right-of-way parking and loading areas where required; with particular attention to the items in (A) above and the economic, noise, glare or odor effects of the conditional use on adjoining properties and properties generally in the district;

2. 3. A recommendation of approval concerning a variance from the terms of this ordinance shall not be founded by the Planning Commission unless and until:
 - A. A written application for a variance is submitted demonstrating that special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings, in the same district;
 - B. The literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this ordinance;
 - C. The special conditions and circumstances do not result from the actions of the applicant; and
 - D. The granting of the variance requested will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structure, or buildings in the same district.

7. The Planning Commission shall make findings that the requirements of this Section have been met by the applicant for a variance; the Commission shall further make a finding that the reasons set forth in the application justify the recommendation of granting the variance, and the variance is the minimum variance that will make possible the reasonable use of the land, building, or structure; the Planning Commission shall further make a finding that the granting of the variance will be in harmony with the general purpose and intent of this ordinance, and will not be injurious to the neighborhood, or otherwise detrimental to the public welfare.
8. In recommending approval of any variance, the Planning Commission may prescribe appropriate conditions and safeguards in conformity with this ordinance.
9. Under no circumstances shall the Planning Commission recommend granting a variance to allow a use not permissible under the terms of this ordinance in the district involved, or any use expressly or by implication prohibited by the terms of this ordinance in said district.

The recommendation should be in the form of a motion clearly stating the Commission's recommended action. The Commission shall forward its recommendation to the Board of Adjustment at least ten (10) days in advance of the Board of Adjustment meeting at which the application is being considered.

 - D. A recommendation of approval will not be injurious to the neighborhood, or otherwise detrimental to the public welfare as presented and testified to by the applicant.
6. No petition for amendment or change in zone shall be recommended for approval unless the Planning Commission finds that the condition, situation or the intended use of the property concerned is unique, required, or necessary as to make reasonably practicable the amendment or change in zone.
7. Before any amendment or petition for rezoning is recommended for approval, the Planning Commission shall make written findings certifying compliance with:

- A. The Comprehensive Plan;
 - B. Specific rules governing land uses;
 - C. Zoning district regulations; and
