Introduction

This report is a summary of the services provided by Planning & Development District III during the past twelve months. The document contains general organization information, regional service highlights, and specific county work activities.

Background

District III is a voluntary association of county, municipal, and Tribal governments that was established in May 1973. Its membership also includes area organizations and development interests. The 15-county region is a U.S. Economic Development Administration designated "Economic Development District". District III is considered to be a "quasi-governmental" organization.

Services

District III provides "on call" staff support, involving:

- Application writing
- Project administration
- Research; and
- Land use planning

Special services include:

- Small business loans (Areawide Business Council)
- Business consulting (Small Business Development Center)
- Procurement and Technical Assistance Center (PTAC)
- Mapping and computer assisted illustrations (Geographic Information System, digital rendering, and modeling)
- Housing support (Governor's House sales and Prairieland Housing Development)
- Human resources (personnel manuals)

Staff

Travis Acklin, GIS Analyst	Greg Henderson, Director
Eric Ambroson, Community Development Specialist	Brian McGinnis, Community Development Specialist
Fred Binder, Community Development Specialist	Harry Redman, GIS Coordinator
John Clem, Community Development Specialist	Sue Stoll, SBDC Director
Lori Cowman, SBDC Consultant and ABC Mgr	Kristy Welker, Administrative Professional
Pat Hansen, Financial Officer	

Funding

District III is financed through membership dues, administrative charges, state and federal agency service contracts, special purpose grants, and technical assistance fees. The 2009 expense budget was \$907,066. Approximately 28% of District III funding comes from local government dues.

Twelve Month Highlights

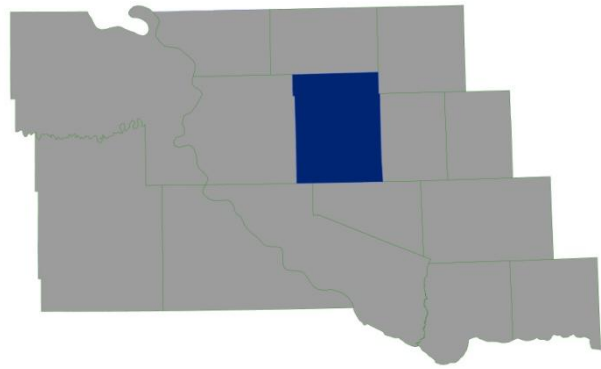

The following programs, services, and assistance activities were provided throughout the region.

- A total of 125 applications were prepared.
- Successful proposals resulted in \$21,524,851 of outside funding.
- 14 cities and counties were assisted with land use planning or zoning issues.
- 13 businesses received Areawide Business Council (ABC) loans totaling more than \$820,000.
- ABC assistance leveraged nearly \$2.2 million in private investment. There were 62 jobs retained.
- In 2009, the Small Business Development Center (SBDC) assisted 158 business clients, which resulted in 137 new jobs and \$14,820,529 private investment.
- Geographic Information System (GIS) services were used by 20 entities.
- 13 Governor's House units were sold in the region, bringing the overall total to 324.
- Ongoing technical assistance was provided to the Missouri Sedimentation Action Coalition and MRC Regional Rail Authority.
- District staff attended a total of 385 separate, out-of-office meetings throughout the region. District III staff used internet based "GoTo Meetings" on 307 occasions during 2009 which is a significant increase from the 128 occasions in 2008. This technology was used primarily in GIS consultations
- Procurement Technical Assistance Center (PTAC) services were provided to 25 companies. PTAC assists companies with government contracting.
- District III continued to assist the South Dakota Department of Transportation with a road inventory project.
- Progress was made on Pre-Disaster Mitigation Plans for 12 counties.
- Initial work was completed on 67 Energy Efficiency and Conservation Block Grant (EECBG) applications.
- A total of 54 local governments were assisted with Central Contractor Registration (CCR) activities. CCR is becoming a federal program eligibility criterion.

Overall Funding Total

Since 1973, District III has assisted its membership in obtaining \$237,545,192 in outside funding assistance. This figure represents \$2,324 for every person in the region (based on 2000 Census).
